have access to the community resources that will provide optimal growth for both the child and family – physically, emotionally, developmentally, and spiritually.

Families Learning Together: Parent and Child Groups

Families Learning Together offers workshops to parents and children at no cost. Families Learning together brings parents and children together into groups that focus on the families needs. This two generational approach encourages parents and children to understand and relate to each others needs and individual roles. The groups provide strategies, understanding and support. The goal of the program is to strengthen the family unit.
