Gateways Family Service Coordination

- ◆ (403) 717-7696.
- ◆ <http://www.calgscope.org/b/gateways.htm>

Gateways is a program offered through the Calgary SCOPE Society that serves children under the age of 18 who have a diagnosis of a cognitive, emotional, physical, sensory and/or social impairment that creates special challenges, for the child and his or her family. The Gateways Team includes Family Support Coordinators, Team Leaders, Counselors, Clinical Consultants and Educators.

Their purpose is to enhance relationships among families, support services, community programs and services, and the community at large. Gateways provides assistance to families to help connect to community services and resources; connect to other families; offer short-term counseling during major life transitions or times of stress; Gateways performs formal and informal assessments of the needs, strengths, resources and choices of families; assist families in planning for relief and respite; provide outreach services; and advocate for families.

The Children's Link Society neither endorses nor recommends any programs, services, supports, therapies, treatments, etc. but provides impartial and, to the best of our knowledge, factual information for families of children with special needs and service providers in the Calgary Rocky View Region.
